Steve Valenta  
Offix  
10222 Battleview Parkway  
Manassas, VA 20109

Dear Mr. Valenta:

Recently, the Manassas Park Police Department served as the command center for a regional search and rescue operation. While duplicating missing child flyers after normal business hours, our copy machine broke down. Since this was a critical, time sensitive operation, the repair was needed immediately.

Your office was contacted and the urgency explained. Ronny Robey and his associate quickly responded and efficiently resolved the problem without a charge to our account.

The Manassas Park Police Department appreciates the support your organization provided and especially the skillful, professionalism of Mr. Robey and his associate. Local police departments, businesses, and citizens must work hand in hand to ensure the safety of our community. Offix and its employees exemplify this commitment to public safety.

Once again, thank you for help and generosity.

Sincerely,

John C. Evans, Colonel  
Chief of Police
